When will I get the Death Certificate?

It will take around six (6) months to one (1) year from the date of filing a Report of Death before the Philippine Statistics Authority (PSA) can generate an official death certificate on security paper with a barcode. Afterwards, you may request online for a hard copy of the official death certificate at <https://www.psaserbilis.com.ph>. The certificate can be delivered to your US address.

Please allow two weeks for processing and mailing of your documents.

Incomplete applications will be returned to the sender.

The Civil Registry Officer may require additional documents upon assessment of the application depending on the circumstances of the applicant's birth, marriage, or death. Factors such as citizenship, previous civil status, and other details may affect the status of your application. In this regard, it is important that you submit your contact details along with your application documents (mobile phone and email address) so that the Consulate can reach you immediately.
